

CALL FOR PROJECT TOPICS

CIVE 400: Cross-disciplinary Capstone Design Project

Project topics and ideas are sought from all areas of civil engineering for the CIVE 400 course offered in the department of Civil Engineering at UVic.

Scope of work: Students in this course will work in groups (~5) and undertake a civil engineering problem that requires iterative design. Each group will approximately spend about 500-700 hours on their projects and present their work at a poster session at UVic and also in the form of a formal technical report.

Tentative timelines for this course:

Course start date: Monday, January 7, 2019

Course end date: Friday, April 5, 2019

Poster presentation (TBC): Friday, April 5th, 2019

Industry contact's commitment: Project sponsors will be required to commit to frequent meetings (3-4 meetings, 2 hrs each) with the students over the duration of the course. Typically, the main industry liaison will be a P.Eng. (*No financial commitment is required.*)

To further discuss your project ideas, scope, and your obligations, please contact,

Dr. Rishi Gupta, FEC, P.Eng., MCSCE

Associate Professor & Director of Undergraduate Program in Civil Engineering
